News From Your Town Government

Winter 2015

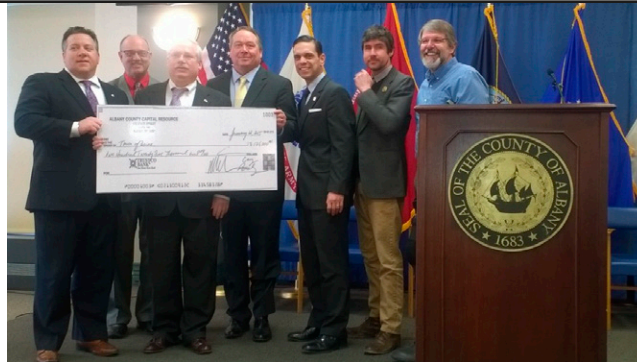

## Winter, 1915

(From the Enterprise, January / February)

Town Supervisor Franklin Schultes starts the year with a financial report for 1914 that includes expenses of labor and materials for work on highways and bridges — \$4,885.57, teachers' wages — \$3,409.39, removing obstructions caused by snow — \$229.72, and a balance of \$1,013.66 at National Commercial Bank.

January has hardly begun when the Huntersland correspondent reports very cold temperatures "well below zero." By early February, the ice at the head of Lake George is strong enough for the D&H to begin its annual ice harvest using cars on tracks built well out onto the Lake. To keep warm, E.G. Crannell of Altamont recommends buying its hard, clean coal that is transferred direct from its "coal pocket" to your wagon; "try a ton and be convinced." In South Berne, the church's chicken dinner is postponed by a storm, but soon after, the Reidsville church has its fundraising event: a ten-cent fishing pond and a lunch counter "for the hungry fishers." For more indoor fun, go off the hill to Altamont where the Masonic Temple shows "Moving Pictures" on Saturdays at 8 P.M. Admission is ten cents and there is an "Expert Operator in Charge." And Thompson's Lake reports a quilting bee hosted by Mrs. Lawrence Warner.

News from East Berne is that "Isaac Van Schaak had the misfortune to have his sleigh upset, breaking several dozen eggs and shaking him up severely," and Frank Linsley purchased a new auto but had trouble getting it home due to icy roads. (continued on Page 2)

This project offers many opportunities for economic development and diverse recreational activities. The Albany County Capital Resource Corporation, an offspring of the Albany County Industrial Development Agency, recognized this when it granted the Town \$125,000 funding toward the purchase. The existing Lodge and the Retreat Center on the property hold great potential for local employment and business.

The \$125,000 Capital Resource Corporation grant, together with a grant of \$237,500 toward the purchase price from the Open Space Institute Land Trust, allowed the Town to purchase the property with \$112,500 of Town funds going toward the purchase. The Open Space Institute works to preserve and protect critical habitats from loss to development. It supports communities demonstrating interest in preserving rural lands by providing grants to assure conservation of the land. Open Space considered the Town of Berne as a potential buyer based on the Town's demonstrated interest in preserving rural lands within its borders. The Mohawk Hudson Land Conservancy supported the purchase, helping to craft a conservation easement that assures the rural nature of the property will be preserved.

We would like to thank the many residents who have expressed support for this project. The outpouring of support and enthusiasm from the community has been an inspiration. We gratefully acknowledge the parties in the project which include County Executive Dan McCoy, IDA Chair Gary Domaliwicz, Open Space Institute and the Mohawk Hudson Land Conservancy. This purchase could not have been accomplished without their collaboration and support.

## CALL FOR NOMINATIONS TO

### GAME FARM ROAD BOARD

The Berne Town Board is inviting nominations for membership to the Board of the Game Farm Road Project. This will be a working board comprised of seven individuals both eager and interested in the future of the property and its uses.

Candidates may be self-nominated, or nominated by someone familiar with nominee's interest in the project. Those nominated by others will be contacted to confirm their willingness to serve. The Board will represent

(continued from page one)

The diversity of the community and a diversity of interests in the project's development. Development of this project will proceed through several phases. In this, the *Start Up* phase, a Board will be selected, the terms of governance defined, a set of strategies developed and visioning workshops for public input scheduled and implemented.

The governing board will suggest policy, shape activities, evaluate and recommend uses, and oversee the operation of the project. Their recommendations will be submitted to the Town Board for final approval.

Nominations will be accepted through March 20, 2015. Application forms may be found on the Town of Berne website or at the Town Clerk's office.

*When faced with a challenge*

*Look for a way, not a way out.*

(continued from page one)

In a timely article, The New York Secretary of State, Francis Hugo, writes about "Motoring in Winter." He advises using caution when entering snowdrifts that are very deep and "apt to strain and bend the delicate parts of the machinery. But with ordinary care, snow drifts are easily cut through and those motorists who have not dared to to attempt it will experience surprises when they see how even small powered cars surmount obstacles which would be impossible with horses or horse drawn vehicles." Motorists who have a different experience should know that Normanskill Auto does repairs and says that "you can be absolutely sure of one thing, that you will not be overcharged."

This author recently spoke to a Hill-town resident who attended the one-room school on Ketchum Road. On a day when it was below -20 F., the children asked dad if they might skip the walk to school. Dad replied that the weather was what he had in mind when he bought their sheepskin coats. When they got to school, they found the teacher had stayed home.

## WELCOME & GOOD LUCK TO MAPLE ON THE LAKE

Pictured here with their sons, Clay & Finn, are Chris and Amanda Smith. Previously owners of the Maple Inn on Main Street in East Berne, they moved their successful restaurant to the old Scholz's Hofbrau on Warner's Lake last fall. The newly renamed *Maple on the Lake* has been busy with old and new customers.

The owners have sponsored several winter sports events on the lake, including motorcycle races, car races and ice fishing contests. Many more events are being planned for the summer of 2015.

*Maple on the Lake* employs over 40 people including four cooks. It is an inspiration to see how Chris and Amanda's hard work has paid off. Be sure to stop by and enjoy lunch or dinner at the new *Maple on the Lake*.

## Helderberg Haven.....

is a program available to Hilltown Seniors which is provided by Senior Services of Albany County and is designed as a place where seniors aged 60 and over can socialize and engage in recreational activities

together with their friends and neighbors. These activities include games, arts and crafts, movies and exercise activities. Located at the Helderberg Lutheran Church at 1728 Helderberg Trail, (Route 443), in the hamlet of Berne, it is a day program

which serves breakfast, lunch and a snack each day.

Program Manager Raphael Revella has announced that currently only open on Friday, Helderberg Haven will soon expand its program to include Tuesday and Thursday as well from 8:30 a.m. to 4:30 p.m. Participants may come for the whole day, or choose to participate for only part of the day.

Manager Raphael Revella would like seniors to take advantage of the companionship and social recreational activities which enhance the quality of life in a safe, friendly and caring environment. She looks forward to hearing from local seniors and welcomes any suggestions of additional activities. In warmer weather, outings will include picnics, ice cream trips and trips to other Senior Services Centers of Albany. Transportation can be provided to and from the program; and funding is offered for those who are eligible. Families are encouraged to call or stop by if there are questions.

Further information can be obtained by calling (518)-320-0316, by emailing at [rrevella@seniorservicesofalbany.com](mailto:rrevella@seniorservicesofalbany.com), or contacting the Senior Services of Albany Administrative office at (518) 694-3511.

## HIGHWAY HAPPENINGS

~ ~ From the  
Highway Superintendent ~ ~

January was a very busy month for the Highway Department due to the extreme weather. So far in the 2014/2015 season, approximately 400 tons of salt and 2000 tons of road mix have been used on town roads. Plans are underway to add three new trucks to our fleet.

The work force has increased to seven full time and five part time employees. Also time permitting, we have been sprucing up the building and cleaning up the yard. Plans are also in the works to install new garage doors on the pole barn. This will help maintain, protect & keep the equipment heated thus allowing the employees to get out on the road for clean up more quickly. It also will allow us to keep the equipment for a longer time. A new pressure washer has been purchased and will be used to wash off the salt, thus extending the life of the fleet.

I welcome calls from town residents and encourage anyone to call me personally if there are any problems that need to be addressed at [\(518\)-573-3002](tel:518-573-3002). We strive to take care of the roads in a timely and quality manner.

## Community Survey for the Berne Public Library Long Range Planning

The Berne Public Library is committed to continually improving service to the towns of Berne and Knox. In order to do this, we need to know what services, materials and programs you currently use and what you would like to see provided or improved. Please fill out the following paper survey or fill out the online survey available from [www.bernepubliclibrary.org](http://www.bernepubliclibrary.org). The data you provide will assist us in planning for the Library's future. We would like to thank you by placing your name in a drawing for movie tickets or dinner at Maple Inn on the Lake.

### FRIENDS OF THE LIBRARY

Thanks to continued community support, the Berne Library has been able to provide more services to the community. The Lasagna Dinner in November was a delicious success and the Cakewalk following the dinner was a lot of fun as the cakes were raffled off. The Giving Tree in the Library is another way that people can contribute to the support of the Library. Forms for obtaining a leaf or for membership in the Friends are in the Library. The support from the Friends recently allowed the Library to install shades on the west side of the building; and purchasing shades for the rest of the Library is the next project.

Follow through on that New Year's resolution to clean out cabinets, drawers and book shelves. Set aside books and jewelry that can be donated to the Friends of the Berne Library for the Used Book & Jewelry Sale. Donations may be dropped off at the Hilltown Senior Center, 1360 Helderberg Trail, Berne on Saturday, March 21 from 9 - noon. Other arrangements may be made by contacting Judy at 872-1246 or emailing [director@bernepubliclibrary.org](mailto:director@bernepubliclibrary.org).

The Used Book and Jewelry Sale will be held on Saturday, March 28 from 9 – 4 and on Sunday, March 29 from 10-2 at the Hilltown Senior Center. Please come and support the library.

The Friends meet on the first Wednesday of each month at 7:00 PM at the Berne Library. All are welcome to join.
